

TOPIA FLOW 203 CSA

CHILLED STILL, SPARKLING AND AMBIENT

The Flow 203 features a dual-filling capability, allowing you to fill two bottles simultaneously with your choice of two portion sizes. With a simple touch on the digital screen, the Flow 203 dispenses measured quantities of Chilled Still, Sparkling and Ambient water.

FLOW 203 CSA | COUNTER TOP SYSTEM

The Flow 203 CSA features a dual-filling capability, allowing you to dispense measured quantities of Chilled Still, Sparkling and Ambient water.

PRODUCT INFORMATION

Our water is filtered using sub-micron activated carbon filtration. This form of filtration removes any harmful toxins, odors, contaminants, and hard-water sediments leaving only the good mineral behind allowing you to have chilled, clean water on demand.

SPECIFICATIONS

Configuration	Counter-top
Dispenser dimensions (LxWxH)	24 x 17.1 x 24.4 in
