

TOPIA TAP 405

CHILLED STILL, SPARKLING & BOILING

The Topia Tap 405 is an easy-to-use multi-functional water dispenser for tea kitchens, offices, conferences and banqueting rooms. An integrated water system, designed to save valuable counter top space. The Tap 405 can supply Chilled Still, Sparkling, and Boiling water.

TAP 405 | INTEGRATED SYSTEM

The Tap 405 water system supplies polished Chilled Still, Sparkling, and Boiling water.

PRODUCT INFORMATION

Our water is filtered using sub-micron activated carbon filtration. This form of filtration removes any harmful toxins, odors, contaminants, and hard-water sediments leaving only the good mineral behind allowing you to have chilled, clean water on demand.
