

TOPIA TOUCH T2 CSA

CHILLED STILL, SPARKLING & AMBIENT

The Touch T2 features a modern touch display, that provides multiple water options at your fingertips. With just a touch on the screen, users can select from Chilled Still, Deep Sparkling, and Ambient water allowing for a tailored hydration experience. The built-in portion control system ensures that each dispense is a measured quantity, helping to minimise waste and maximise efficiency.

TOUCH T2 CSA | COUNTER TOP SYSTEM

The Touch T2 water system supplies portion controlled Chilled Still, Deep Sparkling and Ambient water.

PRODUCT INFORMATION

Our water is filtered using sub-micron activated carbon filtration. This form of filtration removes any harmful toxins, odours, contaminants, and hard-water sediments leaving only the good mineral behind allowing you to have chilled, clean water on demand.
